

Business scholarships

Facts for students

Each year, the W. P. Carey School of Business awards over \$1 million in scholarships to support student success. Students enrolled in W. P. Carey undergraduate programs are encouraged to apply.

Types of W. P. Carey scholarships

The W. P. Carey School of Business offers many scholarship opportunities including merit-based and need-based aid. **Merit scholarships** are awarded based on academic and/or extracurricular achievements. Consideration for **need-based aid** requires the appropriate Free Application for Federal Student Aid (FAFSA) to be on file at ASU for the year in which scholarships will be applied.

The application process is competitive with selection based on many criteria including academics, campus and community involvement, and financial need. Scholarship Selection Committees and/or academic units in combination with donors determine recipient selection for the scholarships offered.

Most scholarships require students to be **enrolled full-time** (12 or more credit hours) in the term the award is disbursed. Please email wpcareyscholar@asu.edu with any questions.

How to apply

Students enrolled in a W. P. Carey undergraduate program should apply through the **W. P. Carey School of Business General Scholarship Application**. This application is used to determine award eligibility for general business school and departmental scholarships. Scholarships are awarded based on varying “scholarship criteria,” including GPA, leadership and community service, major, class level, financial need, and residency classification. Scholarship awards range from \$500 to \$10,000.

The W. P. Carey General Scholarship Application is available each year for awards to be given the following academic year. The application period opens **November 1** and closes on **February 1** of the following year. Complete the application every year to maximize your opportunities for funding throughout college.
