Global politics

W. P. Carey Career Management and Employer Engagement: Business degree fast facts

The W. P. Carey business degree in global politics prepares students for positions where business and politics interact on a global/international scale. The program incorporates solid business skills and global understanding of international relations and issues such as environmental regulation to tackle global warming, geopolitics, or inner-workings of forums in which decisions are made as a collective group.

Students will learn to think critically about global problems and integrate inquiry and action in order to become responsible leaders. These students will be prepared to successfully launch careers in many fields including public relations, consular/embassy services, information analysis, and humanitarian relief work.

Average salaries will vary greatly due to location, company, industry, and experience, but are expected to range from $35,000 to $55,000 for new W. P. Carey graduates.¹

Map your future in global politics

International examiner

Conduct the international aspects of field examinations of returns, which may contain unusually difficult and complex legal, financial, or valuation issues of major proportions. Apply expert knowledge of rulings, court decisions, agency policies, regulations, and practices to determine the correct tax liability. Use knowledge to evaluate the content of legislation and assess the impact on the program. Identify international issues to be pursued based on large, unusual, or questionable items, which produce significant tax or compliance effects.

Import specialist, export specialist

Develop, maintain, and follow compliance controls, processes, and procedures. Act as a team member for improvement projects and learn how to organize a cost-effective and timely transport method needed to meet customer delivery requirements. Ensure compliance with all import, export, and transport rules and regulations.

Lobbyist, senior policy analyst

Develop legislative and regulatory strategies to help further policy objectives on applicable issues. Identify, research, recommend, and help initiate actions on policy issues. Write and submit comments on regulations or other matters to legislative and agency leaders.

Foreign exchange trading support representative

Maintain thorough knowledge of organizational offerings and capabilities for both buying and selling to explain and guide customers to best implement their business needs. Liaise with customers, in addition to vendors as a project manager for product implementation. Handle configuration, beta testing, and production relation for integration projects. Develop knowledge of platform and market happenings to troubleshoot and identify issues relevant to the assigned market.
